# The Little Book Of Big Breasts

## Synopsis

So much for so little! Big busts + small package: major savings

“Dear Sir/Madam” begins the missive from an imaginary correspondent. “I love big breasts as much as the next man, but here in Lilliput your Big Book of Breasts is just too ungainly for my tiny bookshelf, not to mention my Lilliputian hands. Couldn’t you make a petite edition that still features 150 or so magnificently endowed ladies from the golden age of natural curves for those like me, who live life small? And while you’re at it, could you make it highly affordable, since my pockets are as shallow as this premise?” Done! The Little Book of Big Breasts features over 150 celebrated big breast models from the 1950s, 60s and 70s, including Michelle Angelo, Virginia Bell, Roxanne Brewer, Joan Brinkman, Lorraine Burnette, Lisa Deleeuw, Uschi Digard, Sylvia McFarland, Chesty Morgan, Roberta Pedon, Rosina Revelle, Janie Reynolds, Candy Samples, Tempest Storm, Mary Waters, June Wilkinson, and Julie Wills, plus Guinness Book of World Records bra-buster Norma Stitts in a compact and inexpensive soft-cover format. Photos come not just from the original 398-page Brobdingnagian edition, but from subsequent Big Breast Calendars, meaning that 40% of the content is unique to this edition. Add a reduced text to make more room for the stunning black and white and color photos and how could anyone “big, small, or in-between” ask for a better deal?

Text in English, French, and German

## Book Information

Paperback: 192 pages

Publisher: Taschen (June 5, 2012)

Language: English

ISBN-10: 383653214X

ISBN-13: 978-3836532143

Product Dimensions: 4.9 x 0.5 x 6.8 inches

Shipping Weight: 8.8 ounces (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 stars See all reviews (41 customer reviews)

## Customer Reviews

If you’re looking at the page for this book, chances are you already know what it’s about. I

considered getting the Big Book of Breasts for a while, but when I saw it at a book store, I decided against it. As nice as a book with nothing but breasts sounds, with many different ladies, I actually got bored looking at it. It had great photography, sure, but 1/4 through the book, you've pretty much seen every shape and size there is. I got this Little Book of Big Breasts as a present recently, and while it's not anywhere near as big as the hardcover counterpart, I think it's just as good. 193 pages of nice natural breasts from the past couple decades sure to blow the mind of younger kids who are just used to seeing fake ones in certain movies. Normally with a photo book, I'd do a video review, skimming through the pages to show you just exactly what the book has in it. Obviously I can't do that here, as these are all topless photos. I will say that nearly every set in here looks good, with some of the best ones coming from the 60s and 70s. Photos are in black and white and colored as well, all with good clarity. Some take up two pages even. What struck me was just how beautiful a lot of the women in here are. How often have you seen an erotic photography book focusing on a subject, but the rest of the model wasn't exactly above average?...Panties by Dave Naz, I'm lookin' at you. Overall this is a pretty good little book. It doesn't have much in terms of ethnic diversity, and seeing unshaved areas threw me back more than a couple of times, but it was neat that they listed the names of the models by each picture when they could. Those they didn't know, are just listed as unknown.
