You know.... There are books that are supposed to help you learn something, then there are books that are fun. This one is pure fun!Written with the Barney Stintson style, it lists rules for men hanging out with dudes to live by in a funny way. A typical page is one sentence long. Some pages have examples and diagrams that add to the experience.Why buy this book?- 1. You are a man, and don't understand the essentials of how to treat your bros- 2. You want to laugh- 3. You don't really want to admit that you like reading- 4. You're a woman, and you want to rip on guys and/or understand men betterWhy should you not buy this book?- 1. You are easily offended- 2. You are sexist- 3. You are too old to appreciate the single guy humor- 4. You are a speed reader - in which case you should have already read it in the store

This book embodies what it means to be a bro, how to act like a bro, and even proper punishment for violation of bro code. Besides countless laughs this book does in fact set a good standard for bro's to follow

This book isn't some quick, half-hearted cash-in for How I Met Your Mother Fans, it's basically Barney Stinson in paperback form. The Bro Code is hilarious. If you're a fan of the show you'll likely hear Neil Patrick Harris' voice in your head as you read the book cover-to-cover. With diagrams, footnotes, and over 150 "codes" written by the show's writers, this is a can't miss book.

This book is a quick but funny read. I finished it in one sitting, but I swear I as I read the book I could hear the spoken word of Barney from How I Met Your Mother. The lessons are meant as a joke, but in reality most college guys do live by these rules.This is a must have for any fan of the show How I Met Your Mother.

GREAT BOOK. THE ALMIGHTY BRO CODE. THE LAWS THAT GOVERN THE BROS OF THE WORLD. IT'S LIKE... THEY SHOULD MAKE A LAWYER FOR THE BRO CODE (kinda like that one scene where marshall acts as a judge with Barney and Ted during Barney's wedding).Needless to say, You really need it.

The book is great for anyone who like's "How I met Your Mother" will like this book it has many of the Bro Codes that are metions in the show. The book it written like it is by Barney from the show.

This was a very funny book. That said I must warn anyone that reads this book should do so with a good sense of humor. It is not a politically correct book, but what would be the fun of reading a book that was on the subject of Bros before ho's. As I read this book I could picture Barney Stinson passing along this wisdom to Ted and Marshall. If you want to have laugh or two then read the Bro Code.

I think every"Barney-ism", from every episode, is included in this book. If you love Barney's thoughts and advice from the "How I Met Your Mother episodes", you will certainly love this book!
