Customer Reviews

I bought this book for a bar mitzvah present for a friend's son who plays the saxophone. I was told that the songs while difficult are not out of a relatively Player who's had A round a year of experience play potential. The songs are great! However I probably need more than 13-year-old.

Extremely limited book. Songs, most of which are one page each, consist ONLY of the flute melody. NO CHORDS, NO LYRICS. This means the book can't be used alongside other musicians (guitarist, pianist, vocalist) unless they have books of their own with the same songs in the same

key.

Found several songs that I had on my list to purchase and it was less expensive to buy this than the individual songs. Has a variety of songs and tempos so will give me a challenge for quite awhile.

Had ordered another book from this publisher for alto and it had some good songs to improvise to. This book is not good in my opinion. Many of the songs are not even close to the melody etc.

Book is so great! Lots of awesome and classic songs.
