I have only made it through the first 7 Chapters and I have already implemented a lot of what Belinda talks about! Belinda tells it like it is and gives great ways to make your business work with you and for you! Some of this I have heard before yet to hear it again and in such a straight forward and easy to read format has made my life so much easier in my business! So Thankful for this book and all I am learning through this Dummies series.

So much amazing information for anyone in the Direct Sales industry. Love that it is up to the minute including a section on Social Media. Great reference-style book for easy look up on topics as needed. Great for ideas for team training. Belinda hit a home run with this one!

A must read for anyone considering getting into Direct Selling. Relatable stories & obvious experience help to create a clear picture of the industry. Many insights that would normally take months to figure out if not for the info in this book.

Brenda Ellsworth has hit the mmark with this book and included so many excellent tips, it should be mandatory reading prior to joining any business. I have purchased copies for my team members with instructions to read this before doing anything else. My library is full of books with just a few lines of useful information. Every page of this book holds keys to excel in your business. Please don't purchase any other book on direct sales until you have read this one. Save yourself time and money! Thank you Belinda for providing this excellent Guidebook us!

This book is full of practical information! Belinda is a true expert in the field. Her many years of successfully growing her direct sales business definitely translates into an excellent book. I have several copies, and will buy more to share with my team!

Belinda Ellsworth, thank you so much for this. Your presentations are amazing and the book is absolutely perfect. You cover everything someone in direct sales needs to know. And, you're not boring or preachy. I hear your voice as I read the pages ;-)

Every consultant gets to the point where their company's training starts to feel like it's designed for the beginners. When you get to the point where you can see the next step but nobody can tell you how to get there...this is your tour guide.

This book is a fabulous, practical guide to direct selling. I love that I can find exactly what I need for whatever aspect of my business I'm working on at the time. She gives great ideas and also helps with the wording and how to say what you need to say to your customers. I wish this book had been available 2 years ago when I started my direct selling adventure! It has been so helpful to me as I work my own business and also as I grow and train my team!
