# Creative Impulse: An Introduction To The Arts (8th Edition)

## Synopsis

The Creative Impulse introduces the arts of the Western tradition with a chronological organization. It covers a wide variety of subjects including painting, sculpture, architecture, theatre, music, dance, literature, and film, all in their historical context. Up-to-date material on modern artistic movements and achievements broadens the scope of the coverage.

## Customer Reviews

I had to buy this book for an introductory art class. I feel like it is very clear and concise regarding the topics, but at times feel like these is a bit more history than art. It does what it is meant to do, but I wouldnt really say that it was "inspiring" in any way.

I like the book better than most history book because it had better picture to illustrate the concepts of art over the years.

The book was in good condition when I got it, even though it was used and someone maybe before me highlighted some of the reading in it those also helped me to find what I needed for my assignment as well, I think renting books will be what I do from now on. It's a great thing and cheeper to do..

a very good introduction and simply introduced art from different eras ,what i like about this book its very well organized

served its purpose

excellent book for the arts enthusiast and for school. Read nearly all of the book and also completed many presentation for the eras within.

I NEEDED THIS BOOK FOR A CLASS I WAS TAKING THIS SEMSTER AND I DIDNT WANT TO SPEND A TON OF MONEY. IT WAS EXACTLY WHAT I NEEDED

I won't be able to write on how the book was because never read it but customer care was good returned without any hassle
