Customer Reviews

Marketing: The Core - Rented the book for this semester's class for \$26.00. Thought I was getting a great deal, but nowhere does it say there should be a registration key for an online simulation, which is not included in the rental. Now I have to buy the registration key for \$120, when I could have bought the book brand new, with the registration key for \$140 and would have saved money. Check with your school before purchase to find out if you will use the online simulation before renting this book.

Textbook required by my class, but is expensive for a e-book.

The book is in great shape and came exactly as described

I received a book in great shape, brand new! Awesome

I've used this text for years. Easy to understand.

Book was in excellent condition for my college son

The book I rented absolutely great.

Better than buying it!
