The Book Of Canons (First Steps In Music Series)

Synopsis

Beautiful and attractive books from the most prominent collector and advocator of the rich heritage and diversity of folk songs. The premise of a canon is that a single song can be sung starting at different times creating lovely harmonies. The Book of Canons is an incredible resource—a sumptuously illustrated collection of more than 140 time-tested canons drawn from all over the world, by some of the great composers throughout history. Each canon in this collection is ranked by difficulty and includes a general translation if needed.

Book Information

Customer Reviews

I am a voice teacher at KPCA and every single one of our voice students has a copy of this fantastic book! It is a wonderful resource for voice/music teachers and singers. I love hearing about students teaching and singing the songs in canon with their family and friends. I only wish it were spiral bound, but it's worth a trip to the printers to pay the \$4 to get it bound so that it lays flat.

Excellent collection of rounds and canons, many that are not in any other collection.

Great book for music teachers!

thanks!
