# Tongue Twisters For Kids

## Synopsis

"Rubber baby buggy bumpers" - say this three times as fast as you can. How about try saying "loopy lizards lying lazily aloft a little lane of logs" without messing up. This tongue twister book is a huge collection of funny phrases, ridiculous rhymes, and silly sentences that'll have kids laughing for hours. Each one challenges your mouth muscles as you try to say these tongue twisters faster and multiple times. A tongue twister is a phrase that's supposed to be difficult to articulate properly. Often times, they take practice to say correctly. Tongue twisters are good practice for children as they learn to form words, phrases, and vowels. It's hard to say a tongue twister without a smile on your face. Kids will be entertained with these tongue twisters for hours.

## Customer Reviews

While this is titled as a book for kids, I am certain most adults will find this fairly humorous, also. Trying to say some of these silly phrases is almost impossible, but you will get a kick and a big round of laughter watching someone trying some of these (and the resulting sounds that come out as you foul them up) as well as your own attempts. I think the hardest one I've tried so far is "fresh fried fish, fish fresh fried, fried fish fresh, fish fried fresh." I originally picked this up for free during a Kindle promotion vs. its normal price of \$1.99: you and your family will certainly get more than \$1.99 of entertainment and laughter value out of this one.

This Kindle ebook provides an excellent selection of tongue twisters, together with fun pictures illustrating them. In our modern, technological world full of computers and smart phones sometimes

it's a relief to take a break from typing or texting to fall back on an old and simple idea like tongue twisters. These are just strings of words that don't easily go together soundwise that you have to try to say as fast as you can. The results can be hilarious. Getting a group of kids together to try to say tongue twisters can provide them with great amusement. A competitive element can be introduced to enhance the enjoyment, and sometimes a young person who is no good at sports or school work will discover a hidden talent for tongue twisters that raises his or her self-esteem. They also have more serious uses. For those whose native language is not English, they can provide excellent practice in pronouncing consonant and vowel sounds. Children with speech difficulties can also use them for practice when alone, and they may play a part in training young singers so that lyrics are heard more clearly. And it's not just kids who love tongue twisters. They also make excellent ice-breakers for work gatherings or seminars, and are more sedate than most drinking games for parties. So the next time the power goes, or you find yourself stuck in a room with a bunch of kids or adults you have to keep entertained, why not get them all to have a go at saying some tongue twisters?

Good tongue twisters for kids, my daughter laughed really hard. At the end of the book there are a lot of links to other books. I don't like that it so easily accessible for my seven year old to click on a link and accidentally purchase something, I will have to be with her when she reads this one.

This avid reader/book reviewer once again has an empty TBReviewed pile. With a home attendant taking care of my dear OH, no DVDs from Netflix to watch and nothing really interesting on cable I knew I need to find a free fun book to read/review which would give me a chuckle or two; and perhaps help me relived the days of my childhood. Needless to say I found it in this book. What child hasn't enjoyed trying to repeat tongue twisters given to them by their friends and try to have their repeat ones which they've just made up. Many of the twisters contained within the pages of this book are the same I remember being a child of the 1950's; proving how these twisters are now classics which will go on forever. Come us now, even as adults from time to time love to say them ourselves or have our friends try to say them which is the reason for my using a twister for the title of my review. One of the toughest riddles I've come across has been: THE SIXTH SICK SHIEK'S SIXTH SHEEP'S SICK trying saying this THREE TIMES fast without stopping. For letting my tongue my tied like it did when I was a child I've given this book 5 STARS.

My daughter loved this book, she had great fun with all the tongue twisters. Even my husband got in

on the fun! We try to make a night of reading at least once a week and this is one of our favorites. We are making great memories laughing and learning, it's such fun. I highly recommend this book to anyone, you won't regret it!

Kids thought this was a super cute game. We got this book free to test it out and they actually thought the jokes were pretty funny. they are 7 and 9.\*\*\* I did receive this product at a discount and exchange for an honest and unbiased review. My opinions are my own and we're not influenced by the company and anyway. As most people, I make sure to look through reviews of an item before making a purchase online. Therefore, I do try to review each item as if I purchased it paying full price. If you have any questions at all, please feel free to post in the comment section and I will be sure to answer whatever I can. Please write my review as helpful if it helps you in any way. Its greatly appreciate it because it helps me to! Thank you.

This book is full of some old tongue twisters I have not heard in a while! However there are some other ones I have never heard in my life. I really love this book. Very cute and trips me up every now and then.

i love this book it was really fun to say them all and i would love to try more and that's why i gave it a 5 star rating...
