Frankenstein: The Modern Prometheus

Frankenstein
Mary Shelley

Read by Jim Donaldson

Synopsis

Frankenstein is infused with some elements of the Gothic novel and the Romantic movement and is also considered to be one of the earliest examples of science fiction. Includes introduction and commentary by Mary Shelley. Required reading for any fan of science fiction and horror genres. A classic.

Genre Fiction > Horror

Customer Reviews

Much like Bram Stoker's "Dracula", Mary Shelley's "Frankenstein" is a story we all think we know, but really don't. Very few films have consciously attempted to follow the novel too closely (which shouldn't detract from the excellent James Whale/Boris Karloff film, or its masterpiece-sequel, "The Bride of Frankenstein"). Thus, everything popular culture "knows" about "Frankenstein" does not originate from literature, but from films. This is a shame, in a way, because the novel itself is, if not the progenitor, an early vessel of so many archetypes found science fiction and horror. The basic plot remained intact when transferred to other media. Swiss medical student Victor Frankenstein discovers the secret of life (which he never reveals, lest someone repeat the mistake). He then puts together a body, essentially a man, from various corpses. He then becomes horrified by the creature he has built, and abandons. The creature, suffering a great deal of neglect and abuse, still manages to get a thorough education, and learns of his lineage. After murdering Victor's younger brother, and framing the family maid, the creature tells his (admittedly) sad tale to his "father", and then demands a mate. Victor, in a panic, agrees, then thinks better of it at the last moment, destroying the new

bride. In retaliation, the creature murders all of Victor's loved ones (including his wife), and leads Victor on a merry chase across the world. Most probably know that Mary Shelley wrote this book in response to a challenge issued by Lord Byron, during a vacation at Lake Geneva. (Along with this story came John Polidori's "The Vampyre", the first English vampire novel.) Most probably also know that Shelley went on to write other works of imaginative gothic fiction.
