Customer Reviews

This book features, in chronological order, the more than 200 named tenders of the Lighthouse Service from 1840-1939 (when the Service merged into the U.S. Coast Guard). The book is a high quality production, beautifully designed with more than 175 B&W photos of amazing quality and clarity. The book is indexed for easy reference.

This is just a marvelous, definitive book. Both my Father and my Uncle were Captains of Buoy Tenders which worked on the Great lakes and the St. Lawrence River. Being born in 1931, I have boyhood memories of the actual tenders and life in the Lighthouse Service. Not only does the book enhance and confirm my memories but it provides much information I did not know. I have purchased copies for my brother and my two sons. If it is still available I may buy more copies, in the future. I have been working on the genealogy of my family and this book ties in with our heritage. My boyhood impression was of a little Lighthouse Service going into a big Coast Guard. Now I realize that impression was wrong and the addition of the Lighthouse Service, in 1939, almost doubled the Coast Guard.

It is a very nice book. The pages are shiny and my husband is very happy with the book. It was more than he thought it would be.

Nice book, my Grandfather's boat was included.
