Customer Reviews

If you're looking for a crash course in Property Law, this is the book for you! PLUS... the examples in the back of the book make buying the book worth it! FYI: some of the property used in the examples is located in Quahog and is owned by the Giffins. More fun names follow.

Had to buy this for school but think I will use it after. If you don't know much about real estate in general you can learn a lot in addition to the legal aspects.

Perfect condition. Good book for anyone wanting more information on property law. Chapters are small and easy to read. The information is easy to understand.
